NORTHBOUND CENTRAL AVENUE CLOSURE

The northbound lanes of Central Avenue between Fifth Street and Sixth Street will be closed at 9:00 AM, November 12, 2004 as work continues on the expansion of the Cincinnati Convention Center. This closure is necessary to facilitate the placement of steel trusses that are a part of the portion of the building that will cantilever or hang over Central Avenue. This structure will also support the CINCINNATI icon that will be one of the signature features of the expansion.

This phase of the construction will also require a full closure of Central Avenue that will begin at 9:00 AM on November 29, 2004. This block of Central Avenue will remain fully closed until approximately February 5, 2005. Detour routes will be posted and motorists are advised to reduce their speed as they approach the closure points and as they use the detour. Metro buses will also be rerouted.
